

July 2007

Guangdong TV Soft Launches N-Visio Co-Production TV Drama Series “Really Miss You”

This is an extraordinary partnership with Guangdong TV and we're excited to soft launch our first drama on TV. In addition, N-Visio will create and distribute other value-added services such as ringtones of theme music from the drama to reach the show's viewers.

This deal represents a significant milestone in the history of N-Visio and a key advancement in the PRC TV Industry. N-Visio has shown tremendous foresight in realizing this opportunity early, and demonstrated an ability to move aggressively in leveraging earnings in the new commercial and rapidly growing PRC TV Industry.

The whole series will be re-released some time in 2008. The drama is currently under the final approval procedure with CCTV. CCTV is one of the leading TV stations in China and currently has more than 16 channels reaching all parts of the country.

About N-Visio Limited

N-Visio provides interactive media solutions and formats, enabling media companies to create more rewarding interactions with their customers. Headquartered in Hong Kong with offices in China, and Malaysia, N-Visio's Interactive TV formats today reach a combined total audience of 140 million people. The Company is currently a 100% subsidiary of Mobile Media AS, a Scandinavian provider of mobile and interactive entertainment platforms and solutions.

About Guangdong TV

Established in 1959 in Guangzhou, GDTV was one of the earliest provincial television stations, and is recognized as one of the leading broadcasters within China. GDTV's footprint covers all of Guangdong Province, one of the wealthiest and most developed regions in China. The station also offers programming in China's other provinces and across the Asia-Pacific region. Today, it has established business cooperation with more than 200 television stations in over 50 countries and regions in the world, which provides a strong foundation for continued worldwide expansion.

As a television center of forty years' history, GDTV plays a critical role in China's ongoing development and creation of a new media culture.
